

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! As a senior, phone calls are my "life-blood." Please, I urge you to let businesses earning big bucks help those of us who use a phone for security and as our means of social contact.

I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. Keep the USF fair!

Sincerely,

Katherine H. Prior
